SOLVING PROBLEMS FOR A SAFER WORLD

MITRE

Scenario	Starting Line List	Ending Line List	Action
Monitoree symptom report has been evaluated and public health determines disease of interest not suspected (e.g., inaccurate report, explained by other causes)	Symptomatic	Asymptomatic or Non-reporting (If a Symptom Onset Date was not manually entered)	 Open monitoree record Click "Mark All as Reviewed" (will apply to all reports) or "Review" (will apply to a single report) in reports section Document reasoning Click "Submit" to save the change
Monitoree report of symptoms has been evaluated by public health and person is now under investigation for disease of concern	Symptomatic, Non- Reporting	PUI	 Open monitoree record Change "Latest Public Health Action" to any value other than "None" Document reason for change Click "Submit" to save the change
PUI in exposure monitoring meets case definition. Sara Alert will be used to monitor case until recovery definition met.	PUI	Reporting or Non-Reporting (Isolation Workflow)	 Open monitoree record Change "Case Status" to Confirmed or Probable Select "Continue Monitoring"
User wants to move a monitoree off the PUI line list after individual did not meet case definition	PUI	Symptomatic, Non-Reporting, Asymptomatic	 Open monitoree record Change "Case Status" to Suspect, Not a Case, or Unknown OR change Latest Public Health Action to "None" Click "Submit"
User contacts monitoree who has not reported to Sara Alert in >24 hours; public health user has obtained daily report information and needs to add it to record	Non-Reporting	Symptomatic or Asymptomatic based on report	 Open monitoree record Click "+ Add New Report" Complete report Click "Submit" to save report
Monitoree does not report directly to Sara Alert through web-link, text, or voice call. Public health contacts monitoree through other means (manual call, etc.) and needs to add report information.	Symptomatic, Non- Reporting, Asymptomatic	Symptomatic or Asymptomatic based on report	 Open monitoree record Click "+ Add New Report" Complete report Click "Submit" to save report
Users wants to document contact attempt to monitoree	Symptomatic, Non- Reporting, Asymptomatic, PUI	Same as starting line list	 Open monitoree record Select "Log Manual Contact Attempt" Select "Successful" or "Unsuccessful"
User wants to pause or resume daily report reminders to a monitoree eligible to receive notifications (NOTE: Pausing notifications for a Head of Household will pause for all household members)	Symptomatic, Non- Reporting, Asymptomatic	Same as starting line list	 Open monitoree record Select "Pause Notifications" or "Resume Notifications"
Manually close record from active monitoring (Note: The system will stop sending daily report reminders for this monitoree)	Symptomatic, Non- Reporting, Asymptomatic, PUI	Closed	 Open monitoree record Change "Monitoring Status" from "Actively Monitoring" to "Not Monitoring" Document reason for change Click "Submit" to save the change
Monitoree should be monitored by another jurisdiction	Symptomatic, Non- Reporting, Asymptomatic, PUI, or Closed	Transferred Out	 Open monitoree record Click "Download Excel Export" to save record locally Change "Assigned Jurisdiction" to the new jurisdiction (from drop down list) Click "Change Jurisdiction" to transfer
Monitoree's last date of exposure is unknown due to a continuous exposure (e.g., healthcare personnel, household case)	Symptomatic, Non- Reporting, Asymptomatic, PUI	Same as starting line list	 Open monitoree record Click "Continuous Exposure" and "Submit" Update last date of exposure when known
