### What data can I access? What actions can I take?

You will only have access to the monitorees you have added to the system for your jurisdiction.

- Enroll a new monitoree into the exposure or isolation workflow
  - The workflow is specified on the first page of the enrollment wizard
- Assign record to another jurisdiction that user has access to (e.g., State enroller can assign cases to local jurisdictions within that same state)
- Create and modify reporting households
- View enrollment details of monitorees enrolled by user
- Modify enrollment details of monitorees enrolled by user
- View summary enrollment statistics by user and user's jurisdiction
